WARRANT FOR TOWN MEETING

(L. S.) THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Grafton in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Grafton on Tuesday, the 8th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

Polls to close at four o'clock in the afternoon.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the report of the Budget Committee and act thereon.

4. To see if the Town will allow a discount of 3% upon all property taxes paid within fifteen days from date of bill.

5. To see if the Town will vote to authorize the Selectmen to make short term loans in anticipation of taxes.

6. To see what sum of money the Town will vote to raise and appropriate for the purpose of maintaining Highways and Bridges, including the amount of one-fourth of one per cent.

7. To see what sum of money the Town will vote to raise and appropriate for the purpose of cutting bushes.

8. To see what sum of money the Town will vote to raise and appropriate for railing embankments.

9. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by Tax Collector's deed.

10. To see if the Town will vote to raise and appropriate \$53.87 for the purpose of publicizing and promoting the natural resources and advantages of the town, together with other towns in the Dartmouth-Lake Sunapee Region.

11. To see what sum of money the Town will vote to raise and appropriate to continue street lighting.

12. To see what sum of money the Town will vote to raise and appropriate for tractor repairs.

13. To see if the Town will vote to raise and appropriate the sum of \$10.00 for the care of the common at Grafton Center.

14. To see if the Town will vote to raise and appropriate the sum of \$752.10 and thereby receive \$3,008.41 from the State for town road aid.

15. To see what sum of money the Town will vote to raise and appropriate for the control of White Pine Blister Rust in cooperation with the Forestry and Recreation Department for the current year.

16. To see what action the Town will take in regard to paying the State Forestry and Recreation Department \$279.67, this being the amount that Department overexpended the 1948 appropriation for Blister Rust control.

17. To see if the Town will vote to raise and appropriate \$1,590.00 for payment on Long Term Tractor note and interest on same due Jan. 15, 1950.

18. To see if the Town will vote to raise and appropriate the sum of \$500.00 to repair the cement bridge near the Danbury line on road to Wild Meadows.

19. To see if the Town will vote to observe during the month of August, 1949, the 50th Anniversary of Old Home Week and raise and appropriate a sum of money therefor.

20. To see what action the Town will take in regard to finishing the Soldiers' Honor Roll and raise and appropriate money for the same.

21. To see what action the Town will take in regard to Superior Court Expense and raise and appropriate money for the same.

22. To see if the Town will vote to raise and appropriate the sum of \$100.00 to continue fixing up the new Cemetery.

23. To see what action the Town will take in re-

gard to moving the tramp house and raise and appropriate the sum of \$50.00 for the same

Superintendent's Report, 1948-49

Teacher Training. During the past two years considerable work has been done by the teachers to improve their teaching. Two elementary workshops under the supervision of the State Board of Education have been held. One of these was in the field of social studies and the last one on art. These were very well conducted by the state staffs and the response of the teachers very fine. The first one of these "broke the ice" and the desire of the teachers to do more for their pupils then took the form of taking extension courses during the winter, and summer courses later, and again this winter by more extension courses with teachers in Canaan traveling to Tilton once a week to attend a course sponsored by Plymouth Teachers' College. It has been impossible for all teachers to take summer or extension courses because of varying circumstances but the general response has been encouraging. It is hoped that this trend will continue and increase in participation as the good results are discussed by teachers themselves. Bridgewater and Danbury school boards have paid part of the costs of summer sessions. This is an increasing tendency, particularly where no salary schedule exists at least. Often there are good teachers living in an area who will or can not teach for one reason or another. For all practical purposes they don't exist. There are always some on the spring lists of teachers who are looking for a job every year. Perhaps the best indication of the shortage is the fact that a city superintendent will write in to a teachers' college and offer to take sight unseen the whole graduating class. It is my firm belief that teachers well qualified with either successful teaching experience or bright prospects of the same will remain in critical supply for 10-15 years at least, and this in spite of the fact that school men throughout the nation are devoting much thought and time to easing the situation.

Increasing Costs. A 10% increase in costs of supplies, books, etc., seems to be the general opinion. This might well include fuel, telephone rates, etc. It is difficult which often makes salary increases based in part on extra study. Bristol joined with Tilton and Belmont in a high school workshop which was most challenging and thought provoking but was of such a nature that time is needed to properly evaluate the content and to make haste slowly in curriculum revision and methods of teaching. The greatest value of all of these devices has been to renew the individual's desire to learn more about teaching and youngsters so that each pupil may be better taught. It might not be wrong here to point out that the higher level of pay of teachers may be in part a contributing factor of self-improvement.

Critical Shortage of Elementary Teachers. Much has been written on local, state, and national levels on the critical shortage of elementary teachers. It is not a local problem but a national one due to become more acute, as the pre-school youngsters pour into the elementary schools, requiring many more teachers in this field. To be perfectly frank about the whole thing anyone belittling this situation is ill informed, to say the least to see how these costs will drop and level off in the near future. Structural costs are out of sight and will remain there as long as defense and housing demands remain as much in demand as at present. Department of Labor cost of living indexes show about 16% rise in the last two years with only slight drops in some items during the past few months.

The Tax Burden. The property tax still bears the heavy part of all costs on the local levels including school and town expenses. In spite of conservative evaluations the property tax is a major item, and is bearing a load all out of proportion to its capacity. New Hampshire tax laws need careful study and revision not only to relieve the property tax but to absorb increased costs of

items over which we locally have no control. When we see and hear the need of new buildings, when we know that there will literally be millions more in our schools soon, we begin to raise our eyebrows less at the thought of more state and federal aid, both branches of government having sources of tax monies not taxable at the local level. The consumer will pay in the end, but all people do not consume the same things, and much wealth in the U. S. may be found which is not real estate. The tax problem will be one we should all follow in the legislature, which will be in session by the time this is in print.

Tuition Charges. There seems to be a general misunderstanding of tuition charges and since all towns are either on the receiving or paying end of this proposition it would seem well to explain some phases of this. A school district may charge a high school tuition up to its average cost of instruction provided this cost is lower than the state average. In case its costs are greater it may charge the state average. In figuring the costs either locally or on the state level four items in the budget are counted: 1) Teachers' Salaries; 2) Text Books; 3) Scholars Supplies; 4) Other Expenses of Instruction. The total of these costs divided by the average membership for the same year gives the cost of instruction. In past years most places have charged a figure well under this. However, with increasing costs in these items there is a strong trend throughout the state to charge the actual amount spent especially now that state aid is mostly based on equalized evaluation of property. Obviously there are other costs such as heat, lights, janitor service, minor repairs and expenses, other special activities, insurance, new equipment and alterations of old buildings, which are a part of overall costs. On a contractual basis a school district might charge another district a per pupil charge for these items. Few districts do so however. It should be

pointed out that this era may be slowly drawing to a close, especially where new building construction is contemplated either to take care of increased enrollments, or to offer a better educational program. Building costs are so prohibitive that few, if any, of the districts maintaining high schools can build on any basis other than charging a rate to cover everything including capital improvements and interest, or on a cooperative basis with other towns taking advantage of present or future laws. **State Legislation.** There will be bills introduced in the general court which will have far reaching effects in N. H. whether or not they become laws. At this point all we can do is suggest that they get our best study and considered action. This is our legislature and "We Are The People."

Respectfully submitted,
C. MAURICE GRAY, Supt.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use ash trays.
- (3) Report fires and smokes to warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

1948 FIRE RECORD—TOWN OF GRAFTON
